Subject Layout of extensions in Periyapatna

—"—

"C" 18) In GoMsL 14819-22/ml 147-47-2 Dt 23.3.48 a grant of Rs 2500/- being half the cost of the acqn of S Nos 89, 100, 101, 102, 111 & 113 of Periyapatna Kasba Village for carrying out Anti-malarial works at the place, was made to the Periyapatna municipality. The Dy Commr, Mysore Dt, was also requested to issue necessary instructions to proceed with the work relating to the acqn of the said properties and to lay out the extensions in the mfsl in accordance with the plan approved by the Town Planning Committee

R" 19) The Govt Architect and the Town Planning officer in his letter Dt 3-8-48 reported that the layout in the above S Nos was specifically avoided by the Committee because they form low lying ground in the immediate neighbourhood of the tank & that the Committee at their meeting held on 20-3-47 have approved of the layout of two extensions on high ground - one to the South of the Pettah & the other to the South of the Fort -.

20) The Govt Architect has also forwarded "E"
an extract from the Revenue Survey map
showing the areas selected by the Town Planning
Committee for layouts & the S Nos proposed to be
acquired by the mcpy

21) The letter of the Govt Architect
together with the map was forwarded to the
Dy Comm, Mysore Dt for an early report
in this office letter No L2180 Dy 3-9-48 "G"
He was also directed to stay further proceedings
in regard to the acqn of the S Nos in question,
pending orders of Govt in the matter

22) The Dy Comm, Mysore Dt in his "O"
letter Dy 29-9-48 has stated that the above
S Nos were not recommended for acqn
for laying out extension but they were
recommended and sanctioned for
carrying out anti-malarial measures.

23) The D C also has requested that as the
S Nos in question are not proposed to be
acquired for the Town extension, but to
create a dry belt to minimise the malaria
in the town, the instructions to stay further
proceedings issued in this case may be
withdrawn

24) Thereupon the file was referred
unofficially to the Chief Engineer for
Roads & Buildings for his remarks

25) The Chief Engineer in his note
Dy 11/13-1-49 has stated that the S Nos

~~Report~~ of extension in Periyapatna —

~~No~~ 2759

detailed in the D C's report may perhaps be acquired and kept dry so that the dry belt, necessary in the interest of the health of the Community may be assured & that this point was also discussed in the Town Planning Committee of 20-3-47

26) Dealt with reference to Para 17 supra

27) As the cries reported by the D C improper etc, the steps ordered in this minute vide para 3 of 9-4-48 may be vacated & instructions issued to the effect that the Survey Nos 89, 100, 101, 102, 111 & 113 of Periyapatna Kasaba village may be acquired for the purpose of creating a dry belt to minimise the incidence of malaria in the town

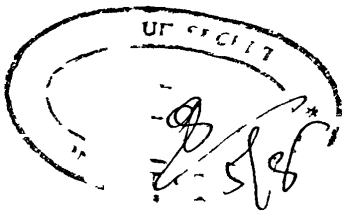
OFFICE OF
the Government Architect
and Town Planning Officer in Mysore,
Old Public Offices, Bangalore,
Date 3rd ~~July~~ June 1948



The Secretary to Government,
Revenue Department,
Bangalore

Sir

Subject - Layout of extension at Periyapatna

I have the honour to request you kindly to refer to G O No L 14819-22/M1 147-47-2 dated 23-3-1948 authorising the Deputy Commissioner, Mysore District to proceed with the acquisition of S Nos 89, 100, 101, 102, 111, and 113 of Periyapatna Kasaba village for the formation of a town extension, "in accordance with the plan approved by the Town Planning Committee"

The Town Planning Committee has in their meeting dated 20-3 47 approved the layout of two extensions on high ground one to the South of the Pettah and the other to the South of the Fort The Town Planning Committee has specifically avoided recommending a layout in the above six survey numbers because they form low lying ground in the immediate neighbourhood of the tank Therefore it is not possible to layout the survey numbers mentioned in the above Government Order in accordance with the plan approved by the Town Planning Committee

Under the circumstances, I have the honour to suggest that the matter be resubmitted to Government for reconsideration of their orders

An extract from the Revenue Survey map showing the areas selected by the Town Planning Committee for layouts and the survey numbers proposed to be acquired by the Municipality is herewith enclosed

I have the honour to be,
Sir,
Your most obedient servant,

Date 29th Sept 1948

GENERAL & PERSONAL SECRETARIAT
6 OCT 1948
MUNICIPAL BRANCH

To

Janab Syed Abdul Aleem,
Revenue Secretary to Government of Mysore,
Bangalore

Sir,

Subject - Lay out of extension at Periyapatna

With reference to your letter No L 2180 dated 3-9-1948 forwarding a copy of letter No 184 dated 3-8-1948 together with survey map received from the Government Architect and the Town Planning Officer on the above subject and calling for my report thereon, I have the honour to state as follows -

From the plan dated 20-3-1947 approved by the Town Planning Committee, it is seen that there are two sites viz , extension No 1 situated to the south of Fort and extension No 2 to the south of the Petta, Prooosed by the Town Planning Committee for laying out extensions at Periyapatna, When I recently visited to Periyapatna after the receipt of your letter, I inspected these spots and found them situated on a high ground and suitable for extension I made local enquiries as of the Amildar and learnt that no acquisition proceedings are being under-taken as the matter is still under the consideration of the Municipal Council Periyapatna The Uppars (Upparigars) for whom an extension was necessary appear not to be agreeable to shift to the site proposed (south of the Fort area by the Town Planning Committee The Amildar told me that they are the residents in the Fort area of the Town and they want to shift to the high grounds within the Fort which is vacant and approved to be suitable for an extension by the Health Officer This is also situated on either side of the new road leading to Uppa agrf and quite near to the existing inhibited locality forming a compact block The Amildar suggested that the congestion in the existing Upparigeri can be removed by allowing houses to spring up in the vacant land However this is a point for further consideration of the Town Planning Committee and Government

Another point raised in the letter of the Government Architect and Town Planning Officer is regarding the acquisition of S Nos 89, 100, 101, 102 111 and 113 of Periyapatna kasaba village for Town Extension It may be stated in this connection that these lands are mostly wet and irrigable dry lands lying in low grounds in the immediate neighbourhood of the Tank and never intended to be acquired for laying out an extension and the Town planning committee did not recommend these S Nos for building houses The Acquisition of these lands was proposed as a measure of anti- malarial work at Periyapatna as recommended in this Office letter No D4- 1858/42-43 dated 3-12-47 and it is for this purpose, the Government have accorded sanction, in their order No L 14819-22/ dl 147-47-2 dated 23-3-1948 The owners of these lands are prevented from raising wet crops in the interest of the health of the Town and the Health Department wants to keep the area as a dry belt as it is in Mandya District It is in view of this aspect of the matter, the question of acquiring S Nos 89,100, 101, 102, 111 and 113 has been taken up and the owners have to be suitably compensated therefor

In view of the above facts, the S Nos 89, 100, 101, 102 111 and 113 are not proposed to be acquired for Town extension at all but to create a dry belt to minimise the malaria in the Town

In the circumstances, the instructions conveyed in Government letter under reference ~~the stage~~ to stop acquisition proceedings may Kindly ~~kindly~~ be withdrawn to enable the Municipality to take further action in the matter The Survey map is returned herewith

Yours Faithfully,

Deputy Commissioner,
Mysore District

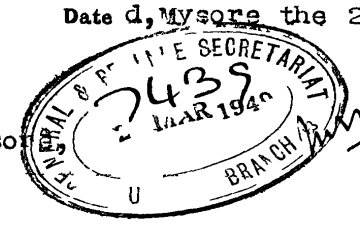
No. D4 1858/42-43
Records, Plan etc

Dated, Mysore the 26-3-49



To

THE SECRETARY
to the Government of Mysore
Revenue Department,
Bangalore

Sir,

Subject:- Lay out of an extension at Periyapatna Town

With reference to your Memo No 12414 dated 10-1-48 forwarding the application of Upparigars of Periyapatna presented to the Minister for Public Health and Excise and in continuation of this office letter No D4 1858/42-43 dated 29-9-48 on the above subject, I have the honour to forward herewith the corrected records received from the President Minor Municipal Council, Periyapatna with his report No C 59/48 dated 8-2-49 and to state as follows

The present locality of Upparigeri in Periyapatna Town is over crowded and congested and therefore the lay out of an extension for them is keenly felt The Government Archetect and Town Planning Committee have selected a site situated to the South of the Petta (marked Extension No 1 in the plan enclosed) But the Upparigars are quite opposed to this and they are unwilling to shift themselves to this site on the following grounds

A

1 that by convention and sentiment the formation of town extension towards the southern side of the town is not a sign of prosperity,

2 that this site is a burial ground from the beginning,

3 that the soil of this site is of black cotton and marshy

4 that their fields and other houses would be separated by the provincial road running between the present Upparkeri and the proposed site and that this road will always be having a heavy traffic and that consequently there will be a risk and danger to lives of the members of their families

They therefore represent that they may be permitted to construct their houses in the inner fort area which is on a higher ground that healthy and quite suitable for building purposes and that the same has been approved by the previous Dewan The District Health Officer has also in his letter No H M 733/15 dated

dated 19-12-46 opined that this area is suitable for Town Extension The Municipal Council at their meeting held on 7-12-48 have resolved that an extension for the Upparigars may be formed on the area selected by them and also approved by the Health Department as suitable for building purposes The President Municipal Council requests that the prayer of the Upparigar may be considered sympathetically and that sanction of Government obtained to the resolution of the Municipal Council He further reports this will form a compact block, besides removing congestion in the present locality, in permitting the Upparigars to construct their dwelling houses in the vacant site in the inner fort area as prayed for by them

In the circumstances I agree with the Municipal Council and request that you will be so good as to obtain necessary sanction of Government to the proposal of the Municipal Council

Yours faithfully,

FOR DEPUTY COMMISSIONER,
MYSORE DISTRICT

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

Correspondence ending with letter No D4.1858/42-43 dated 26th March 1949 from the Deputy Commissioner, Mysore District, in the matter of the formation of an extension in the Periyapatna Minor Municipality Upparigers.

ORDER NO Ln-407-11/Mu 69-48-11

Dated, Bangalore, the 2-5-49

In Government Order No L.14819-22/M1.147-47-2 dated 23rd March 1948, the Deputy Commissioner, Mysore District, was requested to issue necessary instructions to the Municipal Council, Periyapatna, to proceed with the work relating to the formation of an extension at Periyapatna in accordance with the plan approved by the Town Planning Committee The Government Architect and the Town Planning Officer advised against the formation of an extension on certain Survey Numbers proposed, because as they formed low lying ground in the immediate neighbourhood of the tank and the committee at their meeting held on 20th March 1947 suggested the laying out of two extensions on high ground - one to the south of the Petta (No I) and the other to the south of the Fort (No II).

The Deputy Commissioner, Mysore District, who was consulted in the matter has reported that the Upparigars living in Periyapatna are not willing to shift themselves to the new extension No.1 proposed to be formed for them in the town mainly on sentimental grounds and that they are willing to shift themselves and build houses in the inner fort area which is said to be on a higher ground, healthy and suitable for the construction of houses as certified by the District Health Officer The Minor Municipal Council of Periyapatna (in their resolution dated 7th December 1948) and the Deputy Commissioner, Mysore District, are in favour of allowing the Upparigars to build their houses in the vacant space in the inner fort area and to form an extension there for this purpose In the circumstances reported, Government agree with the opinion of the Municipal Council and the Deputy Commissioner, Mysore District and are accordingly pleased to direct that an extension may be formed for the Upparigars in the vacant space in the inner fort area at Periyapatna instead of in extension No 1 as originally planned.

The Deputy Commissioner, Mysore District, is requested to take necessary further action in the matter so as to see that congestion is avoided and a layout is properly formed and sites are set apart for those who wish to build houses on sanitary principles and that the buildings also are constructed within a prescribed period.
